#### **CAHRA Board President and Executive Director's Message**

As Community Action Human Resources Agency finishes its 43<sup>rd</sup> year, we continue to look to the future. We take pride in the organization that CAHRA has become over the 43 years. The agency has strived to meet the needs of the limited income throughout this time, adding programs that made a difference.

This Needs Assessment is the result of many months of reflection, research, and refinement. The Agency's Board of Directors and staff will use the final results in preparing a strategic plan to reflect the future of CAHRA within the context of the communities we serve. By looking closely at community needs assessments and current trends, we will be able to evaluate the ways in which we are meeting the needs of those we serve and the ways in which we can improve.

Within this Needs Assessment, you will find our mission, vision, and core values, which have all been strongly reaffirmed by this planning process. You will also find our agency priorities, built around the needs of our communities to preserve the anti-poverty focus of community action and to promote greater effectiveness among state and local agencies receiving Community Services Block Grant (CSBG) funds. These agency priorities encompass CAHRA's more than 15 programs and the objectives and outcomes for each program over the next five years.

Next will be the board setting the Strategic Plan will help to guide our work in the coming years as we continue to assist and empower people to achieve social and economic well-being in partnership with our community. We would like to extend a sincere thank you to all those who participated in this strategic planning process. This plan required much dedication and insight, and the final result reflects that. Our gratitude also goes out to all the CAHRA board, staff, volunteers, community partners, funders and donors, without whom none of this work would be possible.

We look forward to working together to implement our plan and approach our vision of Empowering People, Changing Lives.

Best,

Jon Thompson Mary Lou Rosales Board President Executive Director
